Advanced Cardiac Diagnostics

2507 Holly Point Road East
Orange Park, FL 32073
Email:
info@advancedcardiacdiagnostics.com
Website:
www.advancedcardiacdiagnostics.com
Phone: 904-315-2004
Booth: 614

Advanced Cardiac Diagnostics provides a cost neutral solution for expert interpretation of non-invasive cardiac diagnostic studies. Primary focus is on interpretation of echocardiograms, electrocardiograms, treadmills and holter/event monitors. Advanced Cardiac Diagnostics does not perform the diagnostic study, only the interpretation.

American College of Radiology (ACR)

1891 Preston White Dr
Reston, VA 20191
Email: CMacFarlane@acr.org
Website: www.acr.org
Phone: 703-262-9319
Booth: 236

ACR is a non-profit, professional association representing over 32,000 diagnostic radiologists, radiation oncologists, interventional radiologists, nuclear medicine physicians, and medical physicists. Being highlighted at this meeting's ACR booth is accreditation. ACR has the experience, expertise, and infrastructure to help such large numbers of providers get through the accreditation process in an efficient manner. The accreditation programs include mammography, sonography, breast sonography, stereotactic breast biopsy, MRI and breast MRI, CT, Nuclear Medicine, PET, and radiation oncology.

American Institute

711 Westchester Avenue, Suite 207
White Plains, NY 10604
Website: www.americaninstitute.com
Phone: 888-387-5260
Booth: 508

American Institute is an innovative multi-location educational company

providing programs for the college educated adult in cardiac sonography and general sonography delivered via a unique blend of online theory courses, hands-on labs and integrated clinical training. Our graduates all meet an ARDMS exam prerequisite upon graduation. Faculty and Clinical Mentors gain satisfaction from contributing to the development of future sonographers through teaching in our on-campus labs and mentoring in their own clinical environments. Visit us at booth 508.

American Registry of Diagnostic Medical Sonography (ARDMS)

51 Monroe St PE1
Rockville, MD 20850
Email: arnyae.neal@ardms.org
Website: www.ARDMS.org
Phone: 800-541-9754
Booth: 348

The American Registry for Diagnostic Medical Sonography® (ARDMS), incorporated in 1975, is an independent, non-profit organization that administers examinations and awards credentials in the areas of diagnostic medical sonography (RDMS), diagnostic cardiac sonography (RDMS), vascular interpretation (RPVI) and vascular technology (RVT). ARDMS has nearly 70,000 certified individuals throughout the world and is considered the global standard in medical sonography credentialing.

ARDMS Recertification Assessment Program

51 Monroe St. PE1
Rockville, MD 20850
Email: julia.lee@ardms.org
Website:
www.ARDMS.org/Recertification
Phone: 800-541-9754
Booth: 350

In 2012, ARDMS will launch a recertification assessment program and all ARDMS credentials will be valid for 10 years. The recertification assessment program, along with the annual renewal fee and CME requirements, will constitute the three obligations ARDMS Registrants must meet to maintain active status. For more information, log on to www.ARDMS.org/Recertification or stop by the ARDMS Booth at the SDMS annual meeting to pick up a helpful brochure. Recertification...Continued Commitment to Excellence.

American Registry of Radiologic Technologists (ARRT)

1255 Northland Drive
St. Paul, MN 55120
Website: www.arryt.org
Phone: 651-687-0048

Booth: 418

Visit ARRT's exhibit booth for the scoop on one-stop, one-fee sonography certification. The comprehensive exam introduced in January 2011 covers everything from patient care to physical principles of sonography, and procedures including abdomen and pelvis, ob/gyn, superficial structures, and non-cardiac chest. ARRT's exam is job-relevant and consistent with curricula covered in sonography educational programs. The ARRT alternative to sonography certification (general as opposed to anatomy-specific) provides qualified confidence for sonographers, their employers, and "ultimately" patients.

ATS Laboratories

404 Knowlton St
Bridgeport, CT 06608
Email: atslaboratories@yahoo.com
Website: www.atslaboratories.com
Phone: 203-579-2700

Booth: 430

ATS designs and manufactures phantoms to evaluate the performance of ultrasound imaging systems. Phantoms are used in quality assurance, field service, research & development, sales, marketing and education. ATS specializes in custom designed TM phantoms for your unique requirements. Products: Doppler flow system, training and Multipurpose phantoms. Our Multipurpose and Beam Profile Phantoms meet the ACR Technical standard performance monitoring requirements for ultrasound imaging systems.

Aureus Medical Group

13609 California St
Omaha, NE 68154
Email:
alliedjobseekers@aureusmedical.com
Website: www.aureusmedical.com
Phone: 402-895-7812

Booth: 238

Go places with Aureus Medical Group. Whether you crave new experiences, adventure, or professional challenges, we offer endless travel and direct-hire opportunities in exciting destinations nationwide. With more than 25 years of experience, full benefits, and recruiters dedicated by

specialty, we will help you navigate your career. We are available 24/7, so you will not fly solo.

Baylor Health Care System

2001 Bryan St, Suite 600
Dallas, TX 75201
Email: tracyff@baylorhealth.edu
Website: www.BaylorHealth.com
Phone: 800-422-9567

Booth: 426

Nationally recognized as a leader in health care, Baylor Health Care System, located in Dallas/Fort Worth, offers limitless career opportunities. Our 15 hospitals and over 100 clinics allow mobility between environments and specialties. Wherever you want your career and life to take you, we will help you get there.

Biodex Medical Systems

20 Ramsay Rd
Shirley, NY 11967
Email: info@biodex.com
Website: www.biodex.com
Phone: 800-224-6339

Booth: 212

The Biodex Sound Pro Combination Table combines imaging features of the Ultra Pro and Echo Pro tables, making it a versatile solution to any imaging facility. Fully equipped for ob/gyn, general sonography and echocardiography, this table is ergonomically designed for sonographer and patient. The Ultra Pro Ultrasound Table is a dedicated table for all general sonographic procedures including Ob/Gyn. Customized table options suit your department needs. The table is so accommodating, it reduces the total amount of time required to achieve a quality image. Visit Biodex at booth #212.

Cardiovascular Credentialing International (CCI)

1500 Sunday Drive, Suite 102
Raleigh, NC 27607
Email: cjohnson@cci-online.org
Website: www.cci-online.org
Phone: 800-326-0268

Booth: 132

Cardiovascular Credentialing International (CCI) is a non-profit corporation established for the purpose of administering credentialing examinations as an independent credentialing agency. CCI began credentialing cardiovascular professionals in 1968. CCI credentials include Registered Cardiac Sonographer (RCS), Registered Congenital Cardiac Sonographer (RCCS), Registered Phlebology Sonographer (RPhS), and Registered Vascular Specialist (RVS). For more information, please visit www.cci-online.org.

CIRS, Inc.

2428 Alameda Avenue, Suite 316
Norfolk, VA 23513
Email: heather@cirsinc.com
Website: www.cirsinc.com
Phone: 800-617-1177

Booth: 436

For over 25 years, CIRS has manufactured a wide range of sonography products for quality assurance, training and demonstration. Products such as our Biometric Fetal Phantom, Cardiac Phantom, Vascular Access Training Kit and Thyroid Biopsy Phantom provide users with a realistic tool to learn general scan techniques or practice ultrasound-guided interventional procedures. CIRS has several quality assurance phantoms and technical staff that can assist your facility in establishing a routine quality assurance program.

CIVCO Medical Solutions

102 1st St., South
Kalona, IA 52247
Email: info@civco.com
Website: www.civco.com
Phone: 800-445-6741

Booth: 234

With over 30 years of experience, CIVCO Medical Solutions is a recognized leader in increasing patient throughput and clinical productivity while improving patient outcomes. The Multi-Modality Imaging Unit designs, manufactures and markets accessories for use in diagnostic and therapeutic imaging and interventional procedures, with a strong focus on sonography. CIVCO partners with leading imaging and device manufacturers to supply innovative needle guidance and infection prevention products.

Cone Instruments

5201 Naiman Parkway
Solon, OH 44139
Email: info@coneinstruments.com
Website: www.coneinstruments.com
Phone: 800-321-6964

Booth: 530

Founded in 1976, Cone Instruments is a leading distributor of medical imaging products for diagnostic ultrasound, radiology and nuclear medicine. Our direct sales force, account managers, dealer networks, website, and widely recognized catalogs are trusted resources for major healthcare systems, community hospitals, diagnostic imaging centers, universities and private medical practices worldwide. Cone Instruments distributes over 4,000 products from hundred of leading manufacturers. In response to customer needs and our ongoing growth strategy, the Company recently launched a new Women's Health product line to augment our expansive diagnostic imaging selection.

CS Medical

3300 Lake Woodard Drive
Raleigh, NC 27604
Email: sales@csmedicalllc.com
Website: www.csmedicalllc.com
Phone: 919-255-9472

Booth: 538

CS Medical manufactures the TD-100 automated disinfectant, designed to provide high-level disinfection of transesophageal (TEE) ultrasound probes. The TD-100 uses an FDA registered, glutaraldehyde-based disinfectant for high-level disinfection. Offering a fast turnaround time, the TD-100 disinfection cycle of 17 minutes includes printed verification for quality assurance. Let CS Medical's TD-100 protect your patients and staff during routine disinfection of TEE probes.

Digisonics

3701 Kirby Drive
Houston, TX 77098
Email: info@digison.net
Website: www.digisonics.com
Phone: 800-940-3240

Booth: 110

Digisonics solutions combine high-performance image analysis, structured reporting, an integrated clinical database with intuitive, ad hoc query capabilities and a powerful PACS into one complete system for cardiology, vascular, ob/gyn and radiology studies. Digisonics accelerates and improves the entire clinical process, allowing facilities to increase their caseload while simultaneously improving the quality of their patient care.

Elsevier, Inc.

1600 JFK Blvd, Suite 1800
Philadelphia, PA 19103
Website: www.elsevierhealth.com
Phone: 215-239-3491

Booth: 628

Elsevier, dedicated to being your integral partner in delivering exceptional healthcare. Trust Elsevier to offer superior resources that expand your knowledge, foster communication, build insights, enable individual and collective advancement in the healthcare field. Elsevier proudly publishes Mosby, Saunders, and Churchill Livingstone titles. Elsevier. Building insights. Breaking boundaries.

Esaote North America

8000 Castleway Drive
Indianapolis, IN 46250
Email: info@esaoteusa.com
Website: www.esaoteusa.com
Phone: 800.428.4374

Booth: 112

Esaote North America, a market leader in diagnostic portable and console-based ultrasound systems, offers the

MyLab® series, a high-performance ultrasound family. The MyLab line provides comprehensive diagnosis, offers excellent value and features high-level functionality. The platform offers a common user interface, shared probes and full digital workflow capability. The full line of MyLab ultrasound systems is designed to meet the demands of real-world scanning environments. Whether for private practice, mobile services, hospitals or clinics, our multi-specialty systems offer outstanding image quality and advanced diagnostic capabilities for more confident diagnosis.

Fetal Medicine Foundation

3751 Red Oak Ct
Beavercreek, OH 45430
Email: tlstuerman@mvh.org
Website: www.fetalmedicineusa.com
Phone: 818-395-0611
Booth: 114

The Fetal Medicine Foundation (FMF), founded in 1995 by Kypros Nicolaidis, is recognized as the world leader in first trimester education, training and accreditation. The FREE FMF 11-13 weeks online course has been taken by over 30,000 sonographers and physicians from around the globe over the past 2 years. More FREE online courses in OB sonography have been added over the past year. Go to www.fetalmedicine.com to take our FREE online courses and become accredited in Nuchal Translucency, Nasal Bone, Tricuspid Flow, Ductus Venosus, Facial Angle and Uterine Artery.

Florida Hospital College of Health Sciences

2145 Metro Center Blvd, Suite 400
Orlando, FL 32835
Email: admissionsdms@online.fhchs.edu
Website: www.fhchs.edu
Phone: 407-303-8016
Booth: 618

Florida Hospital College of Health Sciences is a faith-based institution built on a solid foundation of over 97 years of educational experience, deeply rooted traditions, and a strong commitment to quality and excellence. FHCHS is part of Florida Hospital, a member of Adventist Health System. With over 2,000 beds in Central Florida, Florida Hospital is consistently listed by U.S. News and World Report as one of America's best hospitals. FHCHS offers both Associate's and Bachelor's level degrees in Diagnostic Medical Sonography and Radiologic Sciences.

Freeland Systems, LLC

318 Montelluna Drive
North Venice, FL 34275
Email: sales@freelandsystems.com
Website: www.freelandsystems.com
Phone: 888-615-1888
Booth: 620

With over 30 years medical diagnostic image management experience and approximately 1,500 installations in hospitals, clinics, private practices, research institutions and mobile imaging services, Freeland Systems offers innovative and efficient solutions for image and reporting management, on-site and "cloud" archival, comprehensive database management, connectivity and SaaS. Our goal is to provide affordable image and reporting solutions that improve physician productivity, increase practice revenues, automate workflow and maximize return on investment. Freeland's image and reporting solution is designed to be the CV component of the Electronic Medical Records to provide even the smallest cardiology practice the advanced workflow functionality typically reserved for large, costly EMR installations.

GE Healthcare

9900 W Innovation Drive, RP2156
Wauwatosa, WI 53226
Email: christina.stoll@ge.com
Website: www.gehealthcare.com
Phone: 800-682-5327

Booth: 200

GE Healthcare provides transformational medical technologies that will shape a new age of patient care. GE Healthcare offers a broad range of services to improve productivity in healthcare and enable healthcare providers to better diagnose, treat and manage patients.

Gulfoast Ultrasound Institute

4615 Gulf Blvd, Suite 205
St. Pete Beach, FL 33706
Email: casey@gcus.com
Website: www.gcus.com
Phone: 800-619-1900

Since 1985, Gulfoast Ultrasound Institute has provided accredited continuing medical education programs and self-directed study products for the sonography profession. More than 28,300 sonographers, physicians, and other medical professionals have participated in our hands-on seminars dedicated to diagnostic and interventional sonography.

Whether you are looking for hands-on workshops, onsite education, DVD lectures, interactive CD ROMs, mock

exams, protocol manuals, or webinars, Gulfoast Ultrasound has the solution for your sonography needs.

Heritage Medical Products, Inc.

10380 CR 6310
West Plains, MO 65775
Email: heritagemedical@centurytel.net
Website: www.sonobed.com
Phone: 888-256-8748
Booth: 432

What do you get when a registered sonographer designs and builds your exam bed? Functional features and innovative designs along with creative upholstery colors let you personalize your ergo exam bed. HMP has been around since 1995 - gaining knowledge from our clients and implementing experience from trusted sources in the field of sonography.

Jason K. Stasney RVT, RDCS
Owner - Heritage Medical Products, Inc.

Hitachi Aloka Medical

10 Fairfield Blvd
Wallingford, CT 06492
Email: inquiry@aloka.com
Website: www.aloka.com
Phone: 800-872-5652

Booth: 306

As a recognized leader in ultrasound innovation, Hitachi Aloka Medical is known for unparalleled image quality, superior system reliability and intuitive use of innovative technologies. From our super premium system, F75, to our award winning office-based ProSound Alpha 6, Hitachi Aloka Medical has the answer for clinical diagnostic requirements.

Hokanson

12840 NE 21st Place
Bellevue, WA 98005
Email: info@deh-inc.com
Website: www.deh-inc.com
Phone: 800-999-8251

Booth: 102

For over 35 years, Hokanson has provided quality instruments and accessories for the vascular community for both clinical and research purposes. From PAD screening with CW Doppler or complete physiological testing systems to rapid cuff inflation augmentation for venous scanning, Hokanson has the equipment to meet your needs. Visit booth #102 to see how easy and effective rapid cuff inflation augmentation is for venous scanning.

Hope Imaging

3800 Bridgeport Way W, #501
University Place, WA 98466
Email: admin@hopeimaging.org
Website: www.hopeimaging.org
Phone: 907-382-4729

Booth: 604

Hope Imaging, a Christian non-profit organization founded in 2003, is dedicated to providing medical professionals' training in ultrasound technology, so that they may use their skills to further the life-affirming mission of medical organizations, both nationally and internationally.

Intersocietal Accreditation Commission (IAC)

6021 University Blvd, Suite 500
Elliott City, MD 21043
Email: accreditation@intersocietal.org
Website: www.intersocietal.org
Phone: 800-838-2110

Booth: 136

The ICAVL (www.icavl.org) provides a voluntary, peer review accreditation process for facilities performing non-invasive vascular testing. The ICAEL (www.icael.org) provides a similar process for echocardiography facilities. The Standards, online application information, and corresponding details of the application process for each type of accreditation will be on display in our exhibit booth, or you may visit www.intersocietal.org or call 800-838-2110 for more information. Stop by the ICAEL/ICAVL booth to learn more about the payment policies linking reimbursement to accreditation.

Joint Review Commission on Cardiovascular Technology (JRC-CVT)

6 Pine Knoll Drive
Beverly, MA 01915
Email: office@jrcvct.org
Website: www.jrcvct.org
Phone: 978-456-5594

Booth: 616

The Joint Review Committee on Education in Cardiovascular Technology (JRC-CVT), a Committee on Accreditation of the Commission on Accreditation of Allied Health Education Programs (CAAHEP), provides accreditation services to certificate and degree programs for: invasive cardiovascular technology, adult echocardiography, pediatric echocardiography, non-invasive vascular study, and/or cardiac electrophysiology. JRC-CVT is sponsored by the American College of Cardiology, American College of Radiology, American Society of Echocardiography, Society for Vascular Ultrasound, Society of Diagnostic

Medical Sonography, and Society of Invasive Cardiovascular Professionals.

Joint Review Committee on Education in Diagnostic Medical Sonography (JRC-DMS)

6021 University Blvd, Suite 500
Ellicott City, MD 21043
Email: appservices@jrkdms.org
Website: www.jrkdms.org
Phone: 443-973-3251

Booth: 640

The Joint Review Committee on Education in Diagnostic Medical Sonography (JRC-DMS) makes accreditation recommendations for diagnostic medical sonography (DMS) programs to the Commission on Accreditation of Allied Health Education Programs (CAAHEP). Programmatic accreditation is awarded to programs that, through a self study and site visit, demonstrate substantial compliance to published Standards and Guidelines specific to DMS.

Kelsey National Corporation

3030 South Bundy Drive
Los Angeles, CA 90066
Email: jjenkins@kelsey.com
Website: www.kelsey.com
Phone: 800-366-5656

Booth: SDMS Pavilion

Since opening its doors in 1964, Kelsey National Corporation (KNC) has been a leading Third Party Administrator and insurance marketing and sales firm. Booth: SDMS Pavilion

The Society of Diagnostic Medical Sonography Political Action Committee (SDMS PAC) was established to assist in SDMS' efforts to promote issues related to Diagnostic Medical Sonography at the federal level. The SDMS PAC is an essential component in the Society's efforts to represent the interests of the membership. It enables the association to send a strong, collective, bipartisan message to members of Congress that the members of SDMS are committed to support those candidates in Congress that are engaged and supportive of our efforts to further the interests and policy position.
